

JULY 2016

Message from Mr. Robson

The end of an academic year is always a time to reflect, and this year is no different. We have seen the opening of the new FE building, which after a difficult start, has seen some resounding successes with many students taking advantage of the more adult environment to develop greater levels of independence and self-reliance than before.

The first year of our Business Buddies project has seen an increasing number of students getting work placements and job offers (check out our students video on YouTube at <https://youtu.be/il89upaBSQs>), and a greater focus across the whole College on consistent communication and Autism friendly classrooms has seen improvements in both of these important areas of work. On the back of this, feedback from the overwhelming majority of you in Annual Reviews and Parent Conversations has been extremely positive all year. Despite that, I'm fully aware that we get some things wrong, and actually in the real world it is impossible not to, as the staff team and I are only human, but what I can say is that it's not very often, and we will always do our utmost to learn and improve as a result. I am confident that, as we head towards much more difficult financial times, the College staff team are both ready and capable of meeting the challenge of maintaining our high level of service, especially where we are able to work in strong, positive partnership with yourselves. As a change in the weather finally signals the arrival of the Summer, hopefully the sunshine will last long enough for everyone to get out and about over the next 6 weeks. For some, the Summer break is a wonderful opportunity to enjoy time away from the normal routines of the rest of the year, but I am very sensitive to the fact that for others, the Summer break can be a daunting time; a long haul with no school to provide respite from the daily responsibilities of childcare. Every year the College makes a large number of referrals and enquiries to other support services on behalf of our families, many of which result in additional help being provided. The Local Authorities new system of referral for family support is called 'Early Help' and this service can be contacted on 01403 229900. If you find that you are really struggling over the Summer, please can I suggest that you to give the number a ring rather than just wait for the College to re-open in September. You'll need to go through the automated menu and choose option 5, general enquiries, so if you do ring, don't give up before you get to speak to someone.

However, I sincerely hope that you won't need to give that another thought, and that the Summer break is indeed an enjoyable time for you and your family, so on behalf of the whole staff team, may I wish you well and look forward to seeing you again at 8:45 on Thursday 8th September.

Green Screen at Manor Green

The ICT & Computing Department are celebrating their new Green Screen kit for special effects.

MGC students to use in multimedia projects. The students have been busy filming and using their imagination and "on camera" talents to create videos. Using the green screen, the students can superimpose themselves into any setting like TV and films creators do. Their work will be show cased at the end of term assembly for all the school to view. This is just another step to bring technology to a different level here at MGC. The children naturally come up with the ideas for the stories and scenarios, and it's hoped that we can match their creative aspirations with the required technical needs. The editing software and a green screen kit enables our students to think beyond previous limited software. We are also excited about using this for future performances too, as we will be able to blend action with

Mr. Cambridge

Head of ICT and Computing

Outreach 3way Tournament

On Friday the 8th July students from the college entered a football tournament organised by Outreach 3 Way in Ifield.

The students were put in to two teams of six and played a mixed range of adult and older teams. All the students played extremely well and were well behaved throughout the day. The sun was shining and it was a good day had by all. One of the teams won a trophy for winning their league.

Thank you to all the students for making the college proud!

New Players Wanted

If you would like to join the Football Club run at the college on a Tuesday or a Thursday after school please ask in the office for a form. Places are limited so get your form to join now!!

Stuart Butcher

Manager

Manor Green Football Club

3MD & 3EJ Brighton Trip

3MD and 3EJ had a great day out in Brighton.

We went on the pier and some of us were brave enough to go on the rides! Our picnic lunch on the beach was lovely but we had to watch out for the greedy seagulls who tried to steal our sandwiches!

Dani Prosser

Class Teacher

Bike Club

We now have our new fixed wheel trike! I would like to thank everyone who helped raise the money needed to purchase this bike. It has been fantastic and the students love it! They even approve of the lovely orange colour. Please keep an eye out for the letter for the bike club in September, family members are welcome to come along, even the adults! Don't be shy, come and learn to ride.

Becky Killick

Just a reminder that School Gateway is available now for all parents.

Please sign up for the School Gateway app or visit www.schoolgateway.com to register as a new user. You will be able to view information about your child, including attendance and pay for school lunches, trips and events.

Please note that Parent Mail will no longer be in use from the 31st of July.

If you need any assistance please call us on 01293 520351

A Message from our Physio team

The Physiotherapist (PT) and Occupational Therapist (OT) at Manor Green College have set up a generic email to contact them about your child's therapy needs at school. Any parent who wishes to begin contacting the team by email may use this address: SC-TR.specialschoolotptnorth@nhs.net.

Parents will need to sign a consent form which explains terms and conditions of using the electronic method and return the consent form to the school Therapist.

Many thanks,
Paediatric Therapy Team
Crawley Hospital

Holidays During Term Time

This is a reminder to parents that holidays during term time should be avoided. Personal requests for holidays during term time will be taken into consideration as long as you can explain why it is necessary to go in term time and as long as the attendance is good (92% attendance or more).

Mini International Week

The whole school took part in a Road to Rio Dance workshop led by Shelaine Prince, who was an inspirational instructor. Each group presented their dances and Mr Robson said he hadn't smiled so much for ages.

Pupils filled Boxes of Hope with toiletries for charity and they were delivered to people in need.

A big thank you to Debenhams and Clarks in Crawley for donating boxes for this lovely cause.

Ana Szopa and Chris Nichols from GDWG held an assembly and spoke about the work they do with immigrants, asylum seekers and refugees.

We also had some student teachers from America visiting the school. They took away lots of ideas and as their expressions show, they had a good time.

A very big thank you to The Clothworkers' Foundation for contributing £15,000 towards the purchase of a minibus for the college.

The Clothworkers' Foundation give grants to improve the lives of people and communities, particularly those that face disadvantage.

F.E

Forest School Camp

It was touch and go this year with the weather for forest camp but we managed one night out in the woods instead of 2 which went extremely well. We crammed in loads of activities and even managed to get through most of the food! You all know how teenagers can eat! We had 2 glorious days of sunshine and a very quiet night until the dawn chorus began at 4:20 am! We had 9 very tired students on Wednesday morning!

Great Britain Swim Team

Managed and Coached by
Mark Harrington

Between the 8th to the 14th July one of our teachers, Mark Harrington, was in France managing and coaching a Great Britain Swim team at the international school games.

Mark lead the team with great success. Overall the team between them got 49 personal bests, 36 medals overall, 9 bronze medals, 8 silvers, 19 golds, broke 3 games records and won a trophy for winning overall.

The team in the end won 70% of the swimming competition.

Mark would like to thank the governors and the school management for their support and allowing him the time to lead the most successful swimming event for Great Britain at these games.

EU – In or out?

3SF and 3SU spent some time looking at the reasons for staying in (Remain) or for leaving (Brexit) the EU. They learnt about Polling Stations, where people go to make their vote. They learnt that the vote is private and no one had to know their vote.

Then, we set up our own Polling Station, and made our votes in our Ballot Box. All students had one vote, and so did the staff in those classes.

The results were : 21 – stay in 1 – leave.

So unfortunately they didn't get their choice as the rest of the country preferred to leave!

DofE Expedition

Ben Abou el Abbes, Kenny Greenwood, Michael Ormandy and Kieren Stevens all took part in their bronze expedition in May and were passed by our DofE assessor, Mrs Feasey, after giving their expedition presentation to family members last week. Michael has now completed all aspects of his Bronze and has been signed off and we are now waiting for his award. Kieren has just 3 weeks left of his volunteering section to complete and he too will be signed off. Ben will be working on his 12 weeks of his volunteering in September and Kenny has his physical and volunteering sections to complete.

Anyone aged 11-19 and attending secondary school can receive confidential advice on a wide range of issues such as bullying, emotional health and wellbeing, healthy relationships, sleeping, eating and drug and alcohol issues through the Chat Health school nurse messaging service which is available throughout the summer holidays. The service is also available on telephone number **07480 635424**

Wild Manor Green

The Modular classes in Key Stage 3 have designed the wild flower panels for our forthcoming outdoor sculpture, which have now been turned into glass by our teachers Vanessa Dell and Sue Norton. We would particularly like to thank Glass Artist David Watson for the use of his Brighton Studio and kiln, without whom this project would not have been possible. Our next challenge is to create a support structure to display these beautiful panels in our garden. If you are able to help please do get in touch with the office, otherwise we look forward to updating you in September.

This project has been gratefully part funded by the special 'Grow Wild' campaign from Kew Gardens, please vote for the

Grow Wild Project on their website

<https://www.growwilduk.com/>

Vanessa Dell, Art Teacher

FE is learning first aid

On the 17th June we took part in the St John Ambulance Big First Aid lesson. We watched the live lesson, did some reconstructions of emergencies and completed a quiz. Since then we have done some further training learning about the recovery position, choking, seizures, insect stings and baby CPR. I really enjoyed doing this and want to do more next year.

Written by Maddison Collins

3JW & 3SN Overnight Camp

Pupils from both classes spent a day in Brighton appreciating the seaside attractions – especially the rides on the pier. The staff screamed louder than the pupils.

We had a very kind donation of delicious pizza and chips delivered to us for dinner – thank you Mr Zeb. Some of us had a swim in the hydro pool and others had showers. We slept on the floor in the classrooms – more than one person was snoring, Ms Norton!

Next day, after breakfast, we went to Southwater Country Park and played on Dinosaur Island. Luckily none of the dinosaurs ate us. Some of us had a swim then we had a yummy BBQ. It was a tiring two days, but we all had great fun and would like to do it again.

Tractor Training

Daniel Rogers, Steven Smale, Charline Permal, Jack Smith and Taylor Woolford, all took part in a 3 day Tractor Course at Plumpton College. This was a main part of their NVQ Level 1 Land Based Operation Course. They were all very nervous as they arrived and were really worried as to whether they would be able to drive the tractors. After a small amount of supervision from Dave the Supervisor they were ready to drive alone without any instructions. The main areas of the course were to check the tractors over before driving (this is called a pre-start check), drive and reverse safely, hitch up a trailer and drive around with it attached and reverse it into a space. It was a very long 3 days but they all succeeded and passed with flying colours.

LONDON AIRPORT Gatwick

Hidden Disabilities—To improve the airport experience for vulnerable passengers who may not want to share details of their hidden disabilities, Gatwick can offer a special lanyard to wear on your journey through our airport. This will identify you to staff as someone who may need additional support or understanding. Airport staff have been specially trained to recognise the lanyards and act accordingly.

Autistic Spectrum Disorder—The National Autistic Society has some helpful advice on what to do if you're travelling with children or adults with autism. Gatwick also produce an autism friendly visual guide to travelling through Gatwick Airport which will help familiarise you with what to expect at the airport in advance of your holiday. For more information on how Gatwick Airport can help or to request help, please email our team at:

autism.at.gatwick@ocs.co.uk

Young People with ADHD—Children and young people with ADHD are very susceptible to anxiety and find any change to their normal daily routine potentially stressful. Gatwick recommend that you take time to prepare your child for the journey in advance and bring lots of activities to keep them busy at the airport and on the plane. You can find more advice in Gatwicks Making your journey easier booklet

Join The World's First Disability-led Fun Run

- All Ages
- All Abilities
- No Cut-off times
- NO EXCUSES!

RUN, WALK, WHEEL, PUSH OR BE PUSHED - ANYTHING GOES!

Participants are welcome to use whatever it takes to finish the course, from dog, electric and racing wheelchairs to race-runners, walking frames and children's buggies. AND, anyone who needs a helping hand is welcome to bring a buddy to push, guide or accompany them **free of charge!**

And that's not all. There'll be a family festival celebrating the very best in accessible attractions, from the fun and quirky to the ground-breaking and life-changing.

Gravity Youth Club @ Manor Green College

Manor Green College are going to host their own youth club run by Mo Hussain, Raquel Burton and Gonca Gul. Gravity will run on a Thursday once a month for students attending Manor Green College, commencing Thursday the 20th of September 2016.

There will be two sessions, the first between **4pm-6pm for KS3 Students**, and the second between **6pm-9pm for KS4/5 students**.

The young people must be picked up after the session unless they are able to safely travel home independently, as staff will not be provided to take students home. The club will be run solely by Gravity staff, who sadly are unable to offer 1:1 support for our young people and this does include personal care/assistance.

The entrance fee will be £3 and there will be a tuck shop available selling biscuits, crisps and squash—students will need to bring 50p for this.

Match Funding

Do you work for a company who offers Match Funding?

The most important thing about match funding is that it costs you nothing but each match can raise hundreds of pounds for the school, and this in turn is used for your child's education.

Match funding is offered by many Regional, National and International Companies to charities championed by their employees. Organisations in all sorts of sectors offer this support including Legal, Accountancy, High Street Retail, Banking, Financial, Petrochemical, Pharmaceutical, Manufacturing and even Utilities.

If you know you are or think you might be eligible please contact us.

Maria Cook, Chair of Autism Support Crawley, has teamed up with District Commander Chief Inspector Dave Padwick and his two Disability Engagement Officers to not only deliver Autism Awareness training to his officers, but to also get our families working with the police to break down some barriers and dispel some myths and get young people with ASD to trust the police and feel safe and understood if they were to ever come into contact with them.

There will be a session at Crawley Police Station on **Saturday September 10th at 13:45**. These hour-long sessions are aimed at ages 12 and upwards. The session has room for 10 families. There will be a general tour of the station, a chance to look at and handle some equipment, investigate the vehicles, look inside the cells and plenty of time to talk freely.

If you would like to visit the Police Station please contact Maria directly by emailing:

maria@autismsupportcrawley.co.uk

Student of the Half Term

KS3 Class Based

Consistent Good Work and Behaviour – [Lilin Zhang 3AC](#)

Lilin is a very happy, contented, settled member of the class. She enjoys her routines and works best when she knows what is expected of her through the use of written word schedules, the Changes Board and NOW/NEXT cards. She is very hard working and is keen to do well in lessons, loving praise! When she understands a task she can work through by herself with a lot of independence. Lilin enjoys group activities including music, cooking, sensory story and Attention Autism which have encouraged her to engage with her peers in a group situation. When she is in a safe, familiar environment Lilin can be very independent especially with self-help and practical skills.

Personal Development – [Ellie Tomkins 3MG](#)

Ellie has had a fantastic year and made amazing progress in all aspects of her school life from mobility to personal care to independence. Her determined attitude and positive mind set have enabled her to achieve her goals. Well done Ellie!

Most Improvement in Learning – [Conor Hunt 3SM](#)

Over the course of the year, Conor has worked really hard in class, showing much improvement in his reading and maths activities. He will now listen for longer periods of time and will also provide appropriate answers to questions being asked. Most of all, everyone who has interacted with Conor has commented on the amount of eye contact that he gives when being talked to. Conor has also become quite adept at following his timetable and is always willing to try new things, always trying even in the face of adversity. It is against such a background that we believe that Conor deserves the award of most improved in learning this term.

KS3 Modular

Consistent Good Work and Behaviour – [Tulaib Khan 3GA](#)

Tulaib has been a delight to teach this year. He has really enjoyed the books we have read and can always give his ideas and opinions on what we have read. Tulaib has developed close friendships with a couple of his class mates and year group and is popular with students and staff. Tulaib has been in 3GA for two years and his behaviour and enthusiasm has been excellent throughout. KS3 will really miss him and we wish him every success in KS4.

Personal Development – [Bess Pam 3SN](#)

Bess has made some excellent progress over the last year. Initially it was very difficult for her as she knew very few other students when she first joined Manor Green College. However, over the year her confidence has grown greatly. She now always comes in with a big smile and a hello for everybody and at break times she socialises and chats with the other students. Within class Bess is always ready to help her peers. This ability to support others has been noticed by other members of staff around the college; “Bess has developed into a very caring and compassionate young lady. She is always looking out for those who need extra help and she shows a high degree of maturity when she is with them.” As Bess’s independence and confidence is also growing so is her determination and belief that if she keeps trying to do

something, she will keep improving and then, eventually, she WILL be able to do it. This has been seen not only in her work, but also in other areas such as learning to ride a two wheeled bike, which after a lot of practice she is now able to do extremely well. A very well deserved award. Well done Bess and keep on going!

Most Improvement in Learning – [Chester Farmer 3JW](#)

Chester has grown immensely in confidence and self-esteem and this has had a very positive impact on his learning. Chester has also learned how to take responsibility for his own learning and has started asking for help when needed. This year he has learned how to swim and is making good progress with different strokes. He has also learned how to ride a two- wheeler bike. When reflecting on the year, Chester said he had thoroughly enjoyed sports and PE.

He has represented the school in a few sporting events and all in 3JW have been extremely proud of his achievements. Well done, Chester!

KS4

Consistent Good Work and Behaviour—[Brandon Reader 4LC](#)

Brandon has made outstanding progress socially, emotionally and academically. His a sensible and hard working student who always tries his best. His behaviour is excellent and he is a kind and caring student and has developed some lovely friendships with his peers. He has made excellent progress in Numeracy and Literacy this year. His drama has made amazing progress and he is glowing with confidence and this is evident in his performances. An all round super star!

Personal Development – [James Wilson 4MH](#)

James Wilson has worked extremely hard in improving his behaviour and his work. he is retaining more information and is working hard on his spelling and writing. He has enjoyed becoming more social and making new friends in mature way. James is able to go into shops independently and able to do some shopping himself. We are all extremely proud of his achievements.

Most Improvement in Learning – [Jake Field 4HM](#)

Jake has made fantastic progress in year 10, both academically and in his ability to join in socially with his peers. Jake is becoming a great team player whose positive attitude lifts the mood of those around him. He is an enthusiastic member of the class who throws his energy into tasks and has been willing to give things a go which he would not have previously considered. One of the highlights of the year has been Jake representing Manor Green College at the Parallel Youth Games. Taking part in this event was a real achievement for Jake but as a bonus, he also won two medals! Jake loves the outdoors and chose rambling for PE this term. I have very much enjoyed Jake’s company on our walks, as he has a keen interest in the world around him and points out the wildlife he spots. Jake is an all-rounder. A hard-working, good-natured young man and he thoroughly deserves this award.

KS5

Consistent Good Work and Behaviour— [Chloe Dicken](#)

Chloe always works very hard and puts 100% effort in all her lessons. Chloe is always enthusiastic, keen to learn, keen to try things and good at asking questions. Chloe is a role model to other students with her behaviour and always leads by example. Chloe is caring to her friends and always tries to see things from others point of view.

Chloe has just had an absolutely fantastic work experience at The Premier Hotel where she has demonstrated her ability to work hard and behave well. We are very proud.

Well done Chloe!

Personal Development—[Daniel Kasalo](#)

Daniel has had a really successful first year in FE. He has made excellent progress in communicating with the staff team and in developing independence. Daniel is becoming more patient about waiting for other people to get ready for activities. He is making great progress in developing independence in the kitchen when making his own lunch.

Well done Daniel!

Most Improvement in Learning —[Amber Southern](#)

Amber has been outstanding in the progress she has made towards her Travel Training & Community Independence during this term, staff hardly recognise the transformation. Amber used to want to have a member of staff with her at all times in the community, but now she is able to do lots of things independently, such as going to the shops, talking to the assistants, buying her own snacks and going around town independently!

Work Experience Award—[Fraser Beach](#)

Fraser has completed a very successful work experience week. He spent a week at the Haskins Garden Centre where he worked very hard at the tasks set for him. We were very impressed by his commitment to completing tasks and to his consistent effort that he made even when he was tired.

[Headteacher's Award: Liam Murray](#)

Just a few words from **Friends of Manor Green**

Firstly we would like to say a huge thank you to students, parents and staff for all their support in making the summer fair such a success! We are so proud to announce on the day we made £4200 and still counting. None of this success would be possible without volunteers, donations and most of all the support/attendance on the day. Friends, family and the wider community came to spend their hard earned cash to raise funds which in turn benefits every child across both Manor Green schools.

We hope you all have a safe and happy summer holiday and we look forward to welcoming anybody who would like to attend our next friends meeting on Wednesday the 14th of September at 1.45pm to discuss and plan the next years fundraising ideas and to agree ways and projects to spend the monies raised.

Best wishes,
Friends of Manor Green

We would like to thank the following establishments for your donations for the Fair:

FREE Bikeability Level 3 Cycle Training Holiday Courses

West Sussex County Council are pleased to be able to offer Bikeability Level 2 achievers the opportunity to enrol onto one of our free Bikeability Level 3 training courses, running during the summer holidays.

Bikeability Level 3 is the advanced level of the syllabus. Training takes place in more challenging traffic situations and includes guidance on route planning and decision making. These essential skills are required by young cyclists to help them cope safely as they begin to make their own, more complex road journeys independent of an adult.

A Level 3 session takes 2 hours. However, depending on ability a follow up session may be needed to complete the entire syllabus.

Bikeability Level 3 is suitable only for Level 2 trainees who cycle regularly on the road. If you feel your child requires more instruction to do this please contact Ed Clark on the number shown below for further guidance.

when? where? how?

Training will be available from the following venues:
Broadbridge Heath Leisure Centre, Broadbridge Heath
Centenary House - Durrington,
County Hall - Chichester

To enrol for training, or for more information please
contact 0330 222 8051 or 07702 919760.

* Places are limited and will be offered on a first come, first served basis. A waiting list is available for future Level 3 training.

07712 837827

Golf Day at Tilgate for Autism Support Crawley, in association with A-Zone, DWS, Mitchell Interiors & The Knight Pub. Saturday 10th September.

Schedule Includes:

10am Introductions and 4 ball selections with Tea/Coffee and a bacon roll.
11am Scheduled Tee Off times per group.
7pm Golfers meet back at The Knight Pub for presentations.

Prizes:

1st & 2nd place, 3 x Closest to the Pin and 2 x Longest Drive prizes up for grabs. Also "THE WOODEN SPOON." All prizes have been donated by A-Zone Windscreen Repairs.

The Knight:

Presentation, Buffet, Raffle, Evening Function and live music by "FourTold"

The Cause:

Autism Support Crawley is a local support group run by volunteers for parents and carers with children/young adults on the Autistic Spectrum or with Social Communication Disorders. Autism is a lifelong disability which places enormously stressful demands on us as parents and carers.

We are therefore committed to pursuing every possible opportunity to create the most beneficial and stable environments for the future development of our members' children and help generate an element of calm within the households. The proceeds will go to Autism Support Crawley. Monies raised will help the continuing growth of the group.

It will provide training and workshops for parents and carers; it will enable members to benefit from professional guest speakers who are experts in the complex field of Autism.

To Join Us:

To enter - we would require competent golfers of all standards. £30 entry Fee gives you 4 holes of golf and all of the above.

Please Contact Lee on 07920 749527 or lcook11@hotmail.co.uk for more details.

0 to 25 with additional needs?

We've got great news!

A new West Sussex initiative will make fun and socialising more affordable for 0-25s with additional needs.

Launching in April 2016, West Sussex County Council has teamed up with local charity, Amaze, to deliver 'Compass Card West Sussex' - a card which will provide special deals at dozens of venues.

What deals do you want?

Fill in our quick questionnaire
www.surveymonkey.com/s/2551367/compasswestsussex or pick up a printed copy in your local library. Alternatively, call Amaze on 0300 123 9186 and we will send a copy to you.

Come to a Focus Group and register your interest
Come and enjoy an informal session talking about fun, leisure, sport and play with Amaze's new West Sussex Team.

Email CompassWSS@amazebrighton.org.uk to register your interest in Compass Card West Sussex and to get an invite to our Focus Groups. If you don't have email access, call Amaze on 0300 123 9186.

You can also check the latest Focus Group dates and details on our Facebook page www.facebook.com/CompassCardWestSussex or on the Amaze website www.amazebrighton.org.uk/services-and-support/the-compass-card/compass-card-west-sussex.
