

# Manor Green College

'Opportunity and Success For All'

## Message from Mr. Smith

Dear Parents and Carers,

I hope that 2020 has started well for you. The College has seen a busy start to the new term with students taking part in some amazing opportunities and events; 3DP have been busy this half term and have been out and about in the community which included a trip to the Crawley Museum.

A group of FE students have been visiting The Butterfly Project in Horsham and KS4 generic classes have been enjoying their cycling for independence activities which has included a bike ride to Cherry Tree Lane bike track.

We are really proud of the Manor Green Community Choir who were invited to sing and sign at the Mayor's Ball on Saturday 8<sup>th</sup> February at The Hawth. Their performance was outstanding and the audience certainly appreciated their efforts as their clapping raised the roof! I would like to thank everyone involved in the choir including the parents of children in the choir who gave up their Saturday night to come along to The Hawth to watch the performance; your support is much appreciated. We are privileged to be one of the chosen Mayor's charities this year with the Ball being the prime fundraising opportunity of the Mayor's one-year term of office. It was a wonderful evening and all funds raised this year will go towards the re-development of the playground.

Rehearsals are well underway for the KS4/5 production of 'Newsies' which will be performed at the end of this term. Newsies is inspired by the real-life Newsboys Strike of 1899 in New York City which led to reforms in child labour and education. Everyone is working so hard and we can't wait to see the finished performance in April.

We welcome Lauren Drury, Learning Support Assistant, to the Staff Team.

Thank you for your continued support and best wishes to you and your families for 2020.

**Tom Smith**  
Headteacher

**New Member Of Staff**  
Lauren Drury - LSA

Easter Holiday

**Friday 8th May 2020**  
Bank Holiday

**25th May to 29 May 2020**  
Half term

On 17th January we went by Mini Bus and visited Crawley Down Village walking along part of Worth Way towards Crawley Down Pond.

Walking is good for our health and fitness. Students asked Mrs Patel to keep track of the number of steps they have taken on the steps app. We try to aim for 5000 steps which is a target for one of our students.

We always have the chance to purchase a snack or drink when we go out, and this allows us to practice our Maths and money skills.

Also we get to see unexpected things such as a polar bear made out of up-cycled milk bottles.

On 24 January we visited Crawley Library and some students applied for their own Library Cards

We enjoyed a visit to Crawley Museum on 31 January where Nilash pretended to purchase tickets at a ticket booth.

Harley was interested in items from The Victorian Times, whilst Zak and Nilash were interested in Transport.

We were able to make links with our lessons in History and what life was like in Crawley Town in past years.

## Teaching for Mastery at Manor Green College

It's an exciting year for Maths at Manor Green. We are in our first year developing a Teaching for Mastery approach in Maths.

This means encouraging students, wherever appropriate, to broaden and deepen their understanding of mathematical concepts rather than moving on quickly to the next step. This, in conjunction with an increased focus on developing skills rather than just knowledge, will ensure our students are best prepared for the next part of their journey in life, whether that's moving into Key Stage 4, into FE, on to one of our local colleges or into the workplace.

As a college, we are developing links with other SEND providers in West Sussex, collaborating with seven other SEND colleges and primary schools to develop a county-wide approach to Maths Teaching and Learning supported by the NCETM and the Sussex Maths Hub. This is the first collaboration of alternative provision providers with a Maths focus in the whole country, which is very exciting for the college.

We look forward to sharing with you our progress over the course of this journey!

Mr. Wilkins

## THE DUKE OF EDINBURGH'S AWARD

Our DofE has been growing in popularity each year. We now have thirty one students on roll working towards completing their awards. This year we have nine students on Bronze and nine students on Silver expeditions. Seven students are working towards their Gold award and we are hoping to have an expedition set for them in the Summer of 2021. We already have three youngsters signed up for the Bronze Award for the Summer of 2021.

In the Summer term the Bronze expedition will be on the South Downs Way and we have two Silver expeditions, one on the Bath to Bristol Railway track and another on the Jurassic coast.

I'll keep you all posted on all of their achievements. Those on expedition in the Summer have a lot of new skills to learn and are already working well towards them.

### CONGRATULATIONS!

Becky Killick has been recognised for six years service with Duke of Edinburgh Award.

Becky works tirelessly to support our students.

Thank you Becky!

# LUNAR NEW YEAR

## LUNAR NEW YEAR

3MG celebrated Lunar New Year on Friday 24<sup>th</sup> January 2020

This is the Year of the Rat.

We had great fun trying on traditional Chinese clothing and listening to Chinese music

We had a feast which included rice, noodles, sweet and sour sauce, dumplings, prawn crackers and spring rolls topped off with fresh lychees.

Afterwards we performed a dragon dance parading along the school corridors.

We wish you all Kung Hei Fat Choi!

## CONGRATULATIONS 3SN !

3SN won the daily  
Sumdog Competition  
on Tuesday 28 January 2020  
Answering the most questions correctly in the  
whole of West Sussex.

Well Done!

### West Sussex Maths Contest

## Contest update: last day!

Today is the last day of Sumdog's West Sussex Maths Contest. It finishes at 8pm tonight.

1620

students played

344680

questions answered

288212

correct answers

The daily winners are the classes which scored highest on each day of the contest.

If your class hasn't been a daily winner yet, there's still time! Classes that have already been daily winners can't win again, and there's one certificate still available.

Here are the daily winners so far:

Day	Class	School	Score
Wednesday	8Xe	Davison C of E High School	201.0
Tuesday	3SN 2019	Manor Green College	275.0
Monday	South America	Rudgwick Primary	134.0
Sunday	7X2 WPS	St Andrews CE High School for Boys	179.0
Saturday	Hazel 2019-2020	Harlands Primary School	240.0
Friday	Hawthorn 19-20	Harlands Primary School	206.0

# LIFE SKILLS

An FE group from years 13 and 14 are visiting the Butterfly Project in Horsham every Wednesday morning to develop their creative and technical skills.

Currently they are making bird boxes, using lots of tools, such as electric drills, sanders and screwdrivers. They have learnt about health and safety, and have further plans to make bug hotels and plant holders.

## FE COMMUNITY AND LIFE SKILLS

The students enjoy working together in a new location with Manor Green College staff and other adults. The Butterfly Project is a Community Day Centre that offers a variety of sessions and activities to suit a range of abilities and needs. If you'd like to find out any further information, their website is: <https://www.thebutterflyprojecthorsham.co.uk/>

# MUSIC LESSONS

Over the last two terms, classes in Key Stage 3 have been taking part in some exciting music lessons with Adam and Jack. The classes have taken part in a variety of workshops including drumming, singing and a beatboxing class with one of the best beatboxers in the country!!! Some of the drummers you will even have seen perform at Winter Lights!! Since Christmas it has been Year 7's turn to have all the fun and try out some new instruments. **Lauren (Year 7) commented that "music has been really fun. My favourite bit has been the singing. I really enjoyed George Ezra!"** Her classmate **Caitlin agreed, "Music has been really good. 20/10!!!! I really liked George Ezra as well!"** Keanu (Year 8) also really enjoyed the music lessons. **"Music was great. It's always good to be involved with music. I enjoyed all the lessons but the drumming was probably my favourite as I helped lead."**

Adam and Jack (music teachers) have been really impressed with what they have seen. "We have run some really inclusive sessions to make sure everybody got the opportunity to have a good experience. We used professional recording equipment, various instruments and looked to build confidence in the students. The students have been fantastic with some really developing throughout the unit of work. There is some real natural talent at Manor Green."

Moving forward, there will be an assembly next half term to celebrate the musical talents of Manor Green College!!

# SCIENCE WEEK

With British Science week only a few weeks away (6th to 15th March 2020) we thought this would be a good time to share some of the fantastic work that our students have been doing in their Science lessons.

Year 8/9 modular students have been learning about Animal Classification. Having learned about the photography work and insect portraits by Levon Biss, they were inspired to create their own 'enormous insects' drawings. Students all chose a small section of a regular picture of an insect, and used their observation and creativity skills to transfer it to a much larger piece of paper. Their work was then pieced together to create an overall image. Haven't they done a fantastic job!

KS4 students have been busy completing coursework as part of a 2 year AQA Entry Level qualification. Their topic this term has been 'Elements, Compounds and Mixtures', and recent lessons have focussed on how to separate different types of mixtures. In these pictures you can see some students using paper chromatography to separate the colours in a black felt tip, and other students separating the iron from a breakfast cereal. Both activities can easily be done at home - ask your young scientist to explain their methods! We were all impressed by their enthusiasm and efforts in these lessons.

We will be celebrating Science week just after half term; we hope that your children will enjoy the activities that we have planned for them.

## 4HH and 4KZ Cycling for Independence

Students have been developing their Life Skills by taking part in a series of off-site bike rides. First they practiced on the playground and then they took to the cycle paths of Crawley!

So far they have cycled to the supermarket and to the BMX track at Cherry Lane. Another trip is planned to Tilgate Park. Staff have been supported throughout by Sustrans, a Nationwide Charity which champions and encourages sustainable transport.

A big thank you Patrick Alexander and all his volunteers!

## **Year 9 Modular Students and GCSE Art Students visit The Royal Academy, London**

This week our Year 9 Modular and our GCSE artists visited the Royal Academy in Piccadilly to think about the climate crisis and how artists, architects and designers are responding to the issues. We look forward to seeing how our students and staff will carry on the conversation in their other lessons, as they consider how they themselves can make a difference to the world?

# MANOR GREEN CHOIR

## Manor Green Community Choir at the Mayor's Ball

The Manor Green Community Choir performed on Saturday at The Hawth at the Mayor's Gala Evening. Manor Green College is one of the Mayor's Charities of the Year so all funds raised are going towards our new playground.

Manor Green Community Choir was created in 2018, with the aim of offering an after-school club in which Parents/Carers and siblings could join their child in learning to sing and sign. It's a shared activity which builds confidence, helps teach Makaton sign and is ultimately fun and rewarding. The choir numbers are now 35 and includes teachers, support staff, ex-staff, parents, siblings, grandparents and students.

Manor Green College together with West Sussex Music is excited to announce that Crawley Sings Live! is returning to The Hawth on Monday 30th March. The event will see over 150 pupils from the Crawley and Horsham area uniting as one massed choir, accompanied by a live band, to present an evening of uplifting song. Tickets are available from The Hawth box office at :

<http://www.parkwoodtheatres.co.uk/The-Hawth>.

So, book yours today and join us in celebrating the vocal and musical talents of pupils from Manor Green College and others from across the area.

Even if you or your child are not in the Community Choir, please come and support your friends and colleagues. It's such a good atmosphere and our students make us so proud, their enthusiasm and happy faces bring the event alive. Thanks to our school and QE11 participating last year, ALL the schools will be singing and signing a song all together.

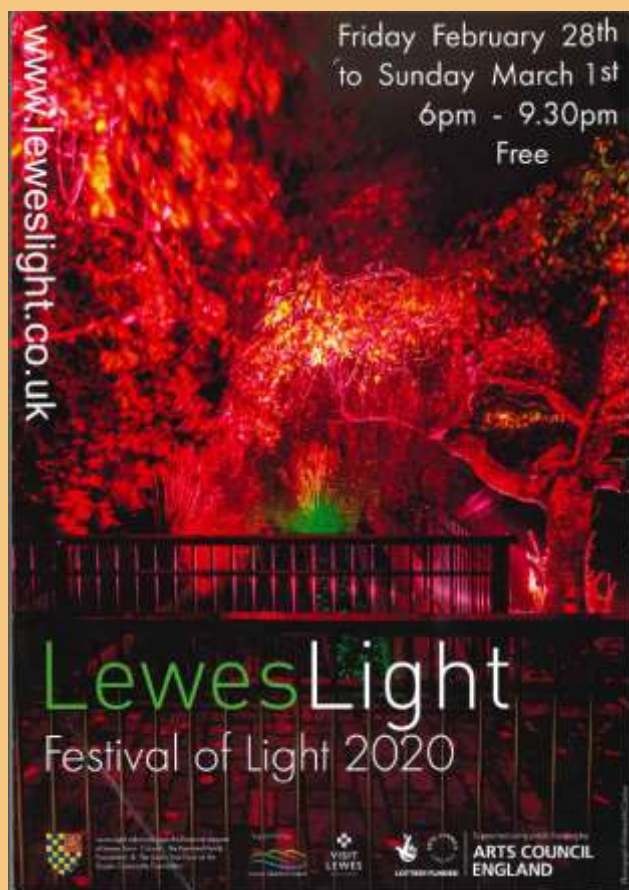

# LEWES LIGHT FESTIVAL

Remember the inflatable moon at our Winter Lights?

Some of our students created the shadow puppet film for this. Well, this will be one of the light installations in Lewes Town Centre on the weekend of their Light Festival.

Lewes Light have been a great supporter over the years of our Winter Lights Festival and we would like to encourage as many of you as possible to visit the town on any evening over the event weekend. We have had some funding from Lewes Light to enable some of our families without transport to go to the event on Friday 28<sup>th</sup> February. We will take families in a minibus and will be met by our Art teacher Vanessa Dell and Head of Year 7 Sue Norton.

More information to follow after half term.

A Festival of Light celebrating culture, history and the environment in and around Lewes and the South Downs through the medium of light, art and design.

It's a really atmospheric night, and if you haven't been to the historic town of Lewes before, you're in for a treat.

Half Term Edition

SPECIAL ISSUE

## Rehearsals in full swing!

**KS4 are getting  
 ready**

On Wednesday 1<sup>st</sup> April 2020 Manor Green College will be showcasing a production of Newsies with students from KS4 and FE participating.

Newies is inspired by real life events!

In 1899, the Newspaper boys of New York went on strike! The strikers demonstrated across Brooklyn Bridge for several days and the whole of New York was closed for business during this time.

Their strike inspired all children in factories and sweatshops in New York to also go on strike. After the strike was settled the face of child education and work was changed forever.

### NEWSIES COME TO MGC

The students of KS4 and FE are on full rehearsal mode at the moment. There are newspapers overflowing in many of the classrooms, props being made and costumes being sewn.

**'The rehearsals are really tough, we are dancing a lot in the show, we are exhausted by the end of it' says Ethan in Y10.**

**'Every time we rehearse or perform a member of staff ends up crying – for a good reason' says Connor Y10**

**'This is going to be super' says Jake FE**

We are all working so hard to get this show ready. We are all so proud of what the students have achieved already!

**FE are practicing  
 hard**

#### Show times

1<sup>st</sup> April 2020

10.00am

1<sup>st</sup> April 2020

6.00pm

Come and support  
 our wonderful  
 students!

Tickets are free!

**WATCH WHAT  
 HAPPENS!**

# RECYCLING SCHEME

The Recycling scheme in school is going very well. Many of the pupils who are taking part in the DofE Award Programme are using this for the Volunteering section of their award.

Please continue to send in only POTATO crisp packets and any Walkers packets.

We are also recycling Biscuit, Cracker and Cake wrappers. All of the money raised will be going towards the Bike Track Fund.

## Waste that is NOT accepted:

- Popcorn bags • Crisp tubes • Pretzel bags • Meat snack bags

**Waste that is accepted:** • Any brand of crisp packets

## What we have been up to in the HNG

This half term has particularly been very busy for our students in the High Needs Group. After the Christmas break, it took a while for most of our students to get back into their routines however when they did, they took to their scheduled activities like they had never been away.

### GOOD BYE SACHITH

This term started off with the whole class missing one of our students. Sachith had been in our High Needs Group since year seven and his last day at Manor Green College was the 20<sup>th</sup> December 2019. Sachith was in our post 16 group, in year 12.

He has moved on to a different provision. We shall all miss him and wish him the best in whatever he does.

### 5SM

One of the biggest areas in which the students in 5SM have excelled has been in their community inclusive activities. Our weekly programme involves students engaging in life skills including shopping at various local supermarkets, travel training within the community, using leisure facilities like swimming pools in the community and accessing the Sensory Room at Langley Green. In all these activities, students are being prepared to live in their communities as equal citizens with a visible presence.

Through our Community Inclusive activities, we are also educating the general public to the plight of our students who present with some very complex learning difficulties and disabilities. It is our sincere belief that our students deserve as much respect, opportunities and life outcomes as everyone else. Below is a sample of some of the activities our students have been engaged in.

A visit to the local surgery to help alleviate some of Annabelle's anxieties with regards to any routine GP appointments, following the labyrinth at Wakehurst Place, a very well-known therapeutic intervention for people on the spectrum. Archie shopping at a local supermarket. Josh pretending to be a Wallaby at Tilgate Park.

# HIGH NEEDS GROUP

The Hydro Therapy Pool is a favourite for our students who need constant sensory modulation. Cooking, riding trikes and Forest Schools are some of the other skills based and sensory modulating activities that our students enjoy.

## 3AC

The students have been to the local Library for sensory stories. Many thanks to Crawley Library for organising these sessions, our students gain invaluable skills by being in such public spaces and having such enjoyable and educational experiences from different people within the Library.

Each week some students from 3AC practice their Lifeskills to help develop their ability to cope with and learn to manage other environments out of school. They make a shopping list and take it to Sainsbury's to practice the skills involved in purchasing goods. They learn how to find the items on their list then practice their money skills at the till to pay for their items.

## PMLD

Students in PMLD have been studying a sensory version of Alice in Wonderland and are currently on chapter 7. All the students showed great skills in Anticipation, Response, Awareness, Persistence and Initiation. They all have to be commended for always waiting for their turn to have a go. It is not always easy for our students to wait; it is a skill that we teach our students with great success!

## Year 7

### Personal Development - Daisy King - 3SU

Over the last half term Daisy has really started to show what she can do. Daisy has started to challenge herself and opt for the spicy or flaming hot option in her Maths sessions. She is also starting to listen more and participate far more in her lessons. Her behavior has been great on Community visits and Forest Schools and she has now also started to wear an apron in her art and cooking sessions.

### Consistent Good Work and Behaviour - Finn Copp - 3SN

Finn has had another excellent term, always making good and thoughtful contributions in lessons

He continues to work extremely hard in lessons and is making really good progress. He is always very supportive and helpful to others, both staff and students.

He is one of 3SN's class representatives. He works very hard at this role and he makes some excellent contributions at the Student Voice (school council) meetings and gives the rest of the class very good feedback on what has gone on.

### Most Improvement in Learning - Courtney Taylor - 3MG

Courtney has made really good progress with her fine motor skills and hand-eye co-ordination. She can now successfully complete many everyday tasks like cutting with scissors or a knife and using cutlery, as well as becoming much more independent with her dressing skills. She is also able to work more independently in cookery lessons using different techniques for mixing ingredients, grating cheese and doing her washing up. Well done, Courtney.

## KS3—Year 8 and 9

### Personal Development - Amy Bashford - 3EM

Since her time in 3EM Amy has come out of herself, she joins in with all her sessions, is enthusiastic to learn and try new things. This includes her trying a multitude of new foods now that she's having school dinners, something that she looks forward to each day. Amy is now happy to initiate conversation with her peers and adults in her class, she is also much more receptive to more unfamiliar adults. She is happy to take part in activities outside of school, not in her usual school routine including table cricket and visiting Art galleries this year. We are super proud of your journey to this point Amy. Well done Amy!

### Consistent Good Work and Behaviour - Thomas Arpino - 3DP

Thomas is a happy and friendly boy. Over the last 5 months he has really blossomed in 3DP. He tries his best in all of his lessons and says that he enjoys ALL of them. He has put in so much effort, into his classwork this last month, that he has moved up in ability group for both English and Maths. He finds yoga highly entertaining and his favourite pose is the challenging 'candlestick' with both legs straight up in the air. Thomas makes a point of coming up to greet me very morning. He uses Makaton signing to make sure that I have understood together with a big smile. Well done Thomas, we are so glad to have you in 3DP.

### Most Improvement in Learning - Ryan Winstanley - 3RW

Ryan has had a fantastic year so far in 3RW, making great progress in all areas. All the staff in Year 8/9 agreed that Ryan has shown the biggest improvement in terms of his attitude and engagement in class - he is incredibly hard-working, he listens well and takes advice on board to improve his knowledge and understanding in all subjects. We are so impressed with how well Ryan copes with challenging situations, and that he is able to focus on his learning, even when others are finding it difficult to do so - he is even encouraging the other students to be more focused, which is fantastic! We're all very proud, Ryan. Keep up the excellent work!

# STUDENT OF THE HALF TERM

## **KS4**

### **Personal Development - Bess Pam - 4KZ**

Bess started year 11 full of doubts and worries about year ahead, the prospect of leaving Manor Green to go to Crawley College weighed heavy on her, and the idea of leaving some of her close friends behind was also an issue. As the year progresses she is becoming more mature and resilient to the challenges she faces. She believes in herself more now which reflects in her attitude to learning and the progress she is making. An example of her maturity is the way she has taken on the challenge of off-site cycling, it would be a big deal for most people to cycle on our roads, and spend a morning racing round the local BMX track.

### **Most Improvement in Learning - Xanthe Rowe - 4HH**

Xanthe is becoming more confident in lessons this term, and is approaching her work with more of a "can do" attitude. She has been very focused in English and has been able to remind the class of key words from previous lessons. In Art, Xanthe has been working as part of a small team to create a beautiful painting they've titled 'Happy'. Xanthe often volunteers to help around the class and is always kind to her friends. This is a well-deserved award. Well Done Xanthe!

### **Consistent Good Work & Behaviour - Alfie Rycraft - 4MH**

Alfie has developed so much since his start in Y10. He is taking control of his feeling and emotions and having less outbursts. He is able share his feelings and emotions alot more and is working with staff to solve issues. His attitude towards work is increasingly positive and he is trying his best in all lessons. He is a star in Drama and is going to to steal the show in the production in April. Well Done Alfie.

## **KS5**

### **Personal Development - Henry Allerton - 5AS**

Henry has made great personal progress and managing himself better - he is enjoying more responsibility and relying less on support to make good choices. His progress reflects his increased self confidence and decision to move on from FE. We are so proud of Henry and his achievements and look forward to helping him with his transition to Brinsbury College. Congratulations, Henry!

### **Consistent Good Work & Behaviour - Ben Randall - 5JG**

Ben has been working really hard at his communication skills and making choices. With support from the Speech and Language Team, Ben has been trialing various ways to communicate in a comfortable way to express his wants and needs - this has increased his confidence and expression and Ben is participating in more group work. Well done, Ben!

### **Most Improvement in Learning - Ethan Kennedy - 5GC**

Ethan is a hard working young man who has an excellent attitude towards all his lessons and activities, in FE. We are pleased to recognise that Ethan feels more confident to express his personality and opinions more, by increasing his speaking and sharing his thoughts - especially towards tasks he may or may not like doing! Keep this up Ethan - we are enjoying you being more vocal around the college.

## High Needs Group

### Personal Development - Alan Camacho—3AC

Recently Alan has been starting to go to a generic class in Keystage 3 for Maths lessons. Alan has been a real star. Straight away he settled into the new routine and environment. He focused well in the lesson and worked very hard. He worked with different peers in a small group to achieve the learning objectives in the lesson. All his teachers are very proud of him and his achievement in this area. Well done Alan!

### Consistent Good Work & Behaviour - Annabelle Keza—5SM

Annabelle has increasingly become very compliant in the classroom. She follows adult instructions without much opposition. Recently she has started to help one of her peers to transition between lessons. Annabelle will gently take this peers hand and guide them to wherever they need to go. It has to be pointed out that this particular peer is not very good at following adult instructions so having Annabelle modelling good behaviour is very important for her peer's personal outcomes.

### Most Improvement in Learning – Leandro Duarte—3KC

Leandro has excelled in his learning recently, especially in creative sessions where he has been working hard towards an Arts Award with the help of Sally. Leandro has taken part in some fantastic mark making on fabric where he has been independent in moving objects and implements over the fabric to make expressive marks. Leandro has been still in his chair as well as very deliberate and engaged when creating his work.

---

# HOUSEKEEPING

We would like to encourage you to:

- Make any necessary payments through School Gateway. If you need assistance with this please do ask the office staff and they will be able to help.
- If you need to make payments by cash or cheque please send these in with your young person via their class teacher in a sealed named envelope.
- Medical appointments should be made out of school hours whenever possible. If this is unavoidable please notify us in advance of the date through the Home school diary. Please let us have a copy of the appointment letter for our records.
- If you need to change the arrangements for your young person at the end of the day, e.g. someone else is collecting them, please let the class teacher know through the home school diary.
- Parents waiting to collect students at the end of the day are invited to wait in reception from 3:00pm onwards. We ask that the reception area is kept clear before this time.
- Cars parked in the drop off zone during drop off and collection times must have their engines switched off.
- Please can Parents / Carers notify the school of any changes to their child's medication, consent to administer medication or medical needs as soon as possible.

**Many thanks for your help**

## A Club Night for People with Learning Disabilities and their Friends

Get ready to party when the ever-popular Blue Bird Club returns to the Hawth Studio on Wednesday 4 March.

The club night is a chance to listen to the freshest sounds, relax in the chill out room, chat with friends and dance to great live music. It provides a safe environment for adults with learning disabilities and their friends to enjoy a great night out!

Entertaining partygoers will be resident DJs & MCs from Outreach 3 Way, Crawley, talented Blue Bird Club House Band – The Coasters and special guest.

Tickets are just £4 per person or £3.50 with a compass card, carers entry is completely free.

For those wanting to make a real night of it, a special Blue Bird Supper Ticket is available. If booked in advance for just £10.50, you get entry into the club, plus a special Nightclubber's Meal which includes 2 slices of Rustic Classic Pizza, Chips and a tub of ice cream. A saving of £2 if purchased before the night! The Blue Bird Nightclubber's meal will be served from 5.15pm to 6.15pm.

Call the Box Office to book, come along for a night out you'll never forget and remember to ask your carer for your Stay Up Late pass, so you don't have to miss a thing!

---

**12 February** | 19:00–20:30 | Restaurant trip to Nandos, East St, Horsham RH12 1HH

---

**19 February** | 18:30–20:30 | Chesworth Farm, off Queensway, Horsham, RH13 0AA

---

**26 February** | 18:30–20:00 | Night-time Walk, Parkside, Chart Way, Horsham

---

### Crawley | Thursdays

**6 February** | 17:30–20:45 | Cinema trip to Cineworld Crawley, Crawley Leisure Park, London Road, Crawley RH10 8LR

---

**13 February** | 19:00–20:30 | Restaurant trip to Nandos, London Road, Crawley, RH10 8LR

---

**20 February** | 18:30–20:00 | Night-time Walk, Tilgate Drive, Tilgate, Crawley

---

**27 February** | 19:00–20:30 | Visit to Creams, 100–104, High Street, Crawley, RH10

---

More activities will follow once the groups are established and young people attending can help to plan the sessions.

Care plans will need to be completed at the first session.

To find out more and book your place, please contact Lizzie Staker.
